News Briefs

TEEN COMMITTEE MEETS

Selection of a name and organization of the recently formed committee on teen-age problems is scheduled at 8 p.m. Friday at the Legion Home, according to Joseph Marochino, acting chairman.

ROCKS NEEDED

Anyone with rocks or fill for the American Legion's boat launching project is requested to call Harold Sauder, HO7-3920, chairman of the operation.

GARDEN OF MONTH

Mr. and Mrs. Kenneth B. Whitman of 387 Jeff Davis Ave., Waveland, have received Bay-Waveland Garden Club's garden of the month award for July, according to Mrs. Harold Hicks and Mrs. Walter Hays of the selection committee.

GET BAR APPOINTMENTS

Committee appointments announced by Mississippi State Bar president C. Sidney Carlton include Evelyn Junt Comer, labor relations law, and Ivey E. Peebles, real estate law.

MILK HEARING CHANGED

Public hearing by the U. S. Department of Agriculture on proposed amendments to the three federal orders regulating milk handling including the Gulf Coast marketing area has been rescheduled for 10 a.m. July 23 in Jackson. Also up for discussion will be a proposal to change operation of the Gulf Coast order from a market-wide pool to an individual-handler pool basis which a group of dairy producers have offered.

LEGION INSTALLS

The American Legion and its auxiliary will hold joint installation of officers at 8 p.m. tonight in the Legion Hall. Installing officer will be Wendell Craft, past department commander, from Tyler, Texas. A dinner will follow.

WINS COMMENDATION

Lawrence P. d'Aquin, USN, chief yeoman, son of Mr. and Mrs. A. J. d'Aquin of Waveland, has been awarded the Navy Commendation Medal and citation for heroism in saving the lives of three downed helicopter crewmen in rough sea waters on October 2, 1961. He received the honors from the Secretary of the Navy during ceremonies at the Norfolk, Va., Naval Shipyard.

AUXILIARY LUNCHEON

Auxiliary of Bay-Waveland Yacht Club will have its monthly luncheon at noon Wednesday. Reservations may be made with Mrs. Richard Hodges, HO7-4972, or the club, HO 7-4592.

GETTING SET FOR DDD - Checking new equipment at the telephone company's local exchange center installed for direct distance dialing are J. R. Murphy, standing, and N. H. Penrose, both central office switchmen.

Bay Phones Prepare For Direct Dialing

In just 30 days telephone subscribers on the Homestead exchange will begin dialing their own station-to-station long distance calls as installation of the necessary equipment begins in early April, nears completion at Southern Bell's central office here on St. Francis St.

Direct distance dialing first was introduced in Englewood, N. J., in 1951 when 10,000 residents of that town tested this modern telephone miracle. Effective Aug. 12, Bay St. Louis subscribers will be able to dial most of their own station to station calls. Before long the system will be extended to cover calls of a person to person nature. It will be possible to dial directly most areas of the U. S. and Canada with "world-wide" dialing in the foreseeable future.

Before DDD could become a reality several things had to be done. First requirement was a dial telephone. Not every one has dial service today; however, over 95 per cent of all telephones are dial and that number is increasing.

Next it was necessary to assign these telephones numbers that would be universally accepted; thus, we had the 2-5 numbering plan such as Jackson 6-9011—2 letters and 5 numbers, or the all numeral calling plan—356-9011.

Now with this uniform numbering plan in effect the entire nation had to be divided into dialing areas. Within each of these areas—there are more than 100 in the United States and Canada—there are no two telephone numbers alike and all the areas are designated by a three number code such as 601 for Mississippi.

Another major problem is in billing—how will a call be timed. This was another job for automation and the electronic equipment will time the calls on rolls of punched paper tape.

How does DDD work? Here, 1-2-3, is how the direct dialing system works:

Location of mobile homes in Bay St. Louis was put under restrictions by the Mayor and Commission Council yesterday.

The ordinance does not deal immediately with existing trailer parks other than to require a license of them, but it sets definite requirements for future such establishments as well as prohibiting any additional location of dependent trailers in the town. Dependent trailers are those that have no usual sanitary facilities such as flush toilets, bathing facilities and the like.

The possibility of a mass influx of temporary inhabitants prompted this action by the council, while the experience of places like Huntsville, Ala., and Cape Canaveral, Fla., indicated the need of some control over the transient population that for good reason use mobile homes, if only

for sanitary reasons.

The terms of the ordinance are based on the recommendation of R. S. Bateman and Associates, Mobile City planning engineers, but council changed some requirements to more nearly conform to Huntsville's experience.

In general, existing locations of two or more mobile homes are required to obtain a 180-day permit, but do not during that period have to conform to the

Teachers' Pay Boost Proposed

A raise of \$100 to \$150 in teachers' salaries to be included in the proposed 1962-63 budget of the Bay St. Louis Municipal Separate School District was recommended by Superintendent J. D. McCullough to the board of trustees at its Monday night meeting.

McCullough explained that an increase, per teacher, of \$100 to \$150 would cost approximately \$8,500 to \$9,000, or one mill in taxes. The hike would be distributed among 60 teachers in all the schools of the district, white and Negro, according to years of experience.

"Our teachers are definitely underpaid," he said, "and the least we can do is provide them with salaries comparable to those given in neighboring communities."

Trustees agreed that the budget, which will be presented for approval next Monday night, should be prepared to include the proposed salary raises.

Construction plans continue on the new municipal stadium with for receiving and opening bids on eight 90-foot poles to be used in lighting the field. Specifications and a notice to bidders are forthcoming.

Advertising for school supplies for the coming session was approved with a bid deadline of 10 a.m. Aug. 13.

After approval of the claims docket for the month of June, the meeting was recessed until 10 a.m. Monday when bids on steel bleachers for the stadium will be opened.

We're Growing

Dr. Robert Alker, veterinarian from Tyler, Texas, will open an animal clinic at 394 Washington St., in early August.

McFarland Clinic has opened an office at 130 Coleman Ave., Waveland, with Dr. Bobby Jack Houston there from 9 a.m. until noon daily.

STAR ON HIS SHOULDERS—Secretary of the Army Elvis J. Stahr, Jr., pins stars on Brig. Gen. Harry W. O. Kinnard, assisted by Mrs. Kinnard, at promotion ceremony in the Pentagon, Washington, D. C. The new general is the son of Mrs. Harry W. O. Kinnard of Clermont Harbor and the late Mr. Kinnard.

HOW TO BEAT THE HEAT—These youngsters, daughters and nieces of Mr. and Mrs. Harlan Gidroz, summer residents on Felicite Street, demonstrate one sure-fire way to get cool. They are Bonnie, Brenda, Diana, Donna and Jackie.

Peak Heat Hits After Mon. Blow

Bay St. Louis' official thermometer jumped to its highest point of the summer Tuesday with a sizzling 99 degrees was recorded at St. Stanislaus College weather station but thermometer in the shade went higher than that in a good many places.

The mercury jumped from its normal seasonal range Monday when a sweltering 96 degrees was recorded, according to Brother Roderick, S. C., who runs the weather station.

There was scant relief from the night's wind and rain storm which snapped limbs from trees and uprooted power poles. The station clocked winds at a steady 30 to 40 miles an hour with gusts up to 50 mph.

The short but heavy rainfall measured 9 inches at St. Stanislaus, the only significant amount since May. Brother Roderick reported, precipitation was confined to the Bay-Waveland area, and the western part of the county reporting only heavy drizzle and lots of lightning.

Trouble shooters for Coast Electric Power Assn. were kept busy most of Monday night. H. Roderick reported, but damages were moderate, caused mostly by fallen limbs, and service was quickly restored.

Home Gregory of Mississippi Power Co., reported two poles down in the North Bay-Chester Point area, where there were without lights for an hour. Trouble was cleared out at Sears and Jeff Davis in Waveland. Workmen were out until 4 a.m.

Use Sparingly, Please Water Woes

Water, water everywhere but not a drop for your grass. Such is pretty much commission council's recommendation.

While the mayor and two commissioners took no action yesterday to amend the ordinance which permits watering of lawns between 7 and 9 a.m. and 5 and 7 p.m., they did so only in the hope that an appeal to the water using public would be obeyed and consequently no more stringent law need be passed.

Unless the public strictly abides by the present ordinance, Commissioner J. Cyril Glover, who heads the water and gas departments, said he thought additional regulations would be necessary. He also implied to the Echo that even if the public followed the law, council still might find that it had to further restrict use of water from the city system.

One of the main sources of water for the city is the reservoir, the main pump for which is turned off nightly from 9 p.m. to 6 a.m. in order for water to accumulate. Nevertheless, yesterday a hydrant adjacent to this source was reported to have only 10 pounds pressure when 30 to 40 pounds is usual.

Junior Auxiliary Plan Proposed for Hospital

A program for junior hospital volunteers was presented to Hancock General Hospital trustees Tuesday night by Mrs. Jake Rossmore of the hospital auxiliary.

The Junior Auxiliary Program, so called because of the striped uniforms worn by the teen-age volunteers, will be an auxiliary sponsored project open to girls and boys 14 to 18 years of age. The extensive plan will provide for rigorous orientation, an annual \$50 scholarship award, and will afford youngsters an opportunity to become familiar with hospital and health concepts. Final approval of the program is dependent upon amendment of the auxiliary constitution.

Administrator Tom Loggia announced that Dr. Bobby J. Houston has begun practice in association with Dr. Wesley Mo-

Farland, and that Palmer Stephens has rejoined the staff as chief lab technician.

Loggia also presented a copy of the needs and specifications for a first aid station at the NASA test site, and explained that one contract will be awarded for the construction of a dispensary, cafeteria and other facilities on the site. Hancock General's plans will be delayed until this initial contract is awarded.

Purchase of a cabinet medical machine was authorized on the suggestion of Loggia and Dr. A. K. Marchant, chief of medical staff. The \$1,700 three gas cabinet instrument will be purchased through the equipment fund following legal advertisement. It was requested that the board also consider buying

Brigadier General Kinnard

Clermonter's Son Wins Star

The son of a Clermont Harbor resident, Mrs. Harry W. O. Kinnard, was promoted to the rank of brigadier-general in a ceremony June 30 at the Pentagon in Washington. He is Harry W. O. Kinnard, Jr., former executive officer to the Secretary of the Army.

General Kinnard, a parachute infantryman with 130 jumps, returns to the 101st Airborne Division for the third time where he will be assistant division commander. He is now on temporary duty taking flight training at Ft. Rucker, Ala.

During World War II, he served as operations and training officer and regimental executive officer of the 501st Parachute Infantry Regiment. He jumped into Normandy on D-Day and later took command of a battalion of the 501st. He parachuted into Holland during the airborne assault on that country.

General Kinnard was operations and training officer of the

101st Airborne Division during the Battle of the Bulge when the 101st fought for and held Bastogne.

In 1956 General Kinnard again joined the Screaming Eagle Division to command the 1st Airborne Battle Group, 501st Infantry, his old wartime unit. He later commanded the 101st Division Artillery for nearly a year, a unique experience for an infantryman.

Secretary of the Army Elvis J. Stahr, Jr., who resigned to accept the presidency of Indiana University, pinned the stars on his former executive officer and paid tribute to General Kinnard as "one of the Army's truly outstanding soldiers, the captain of the team which has provided me with invaluable assistance

throughout my fifth tour with the Army."

General Maxwell D. Taylor, wartime commander of the 101st Airborne Division, former chief of staff of the Army and presently military representative to President Kennedy, presented a general officer's flag to General Kinnard.

Born into an Army family in Dallas, Texas, General Kinnard is a 1939 graduate of the U. S. Military Academy. He is a graduate of the Air Command and

WORLD WAR I VETS

Installation of officers for the coming year will take place when World War I veterans meet at 7 p.m. Monday at the Legion Home. The past state commander will be present.

Star College, the Army War College and the National War College. He holds the Distinguished Service Cross, Silver Star, Legion of Merit, the Bronze Star Medal, Commendation Ribbon with Metal Pendant, and Purple Heart.

His wife is the former Mikella Corey, daughter of Mrs. Daniel Corey and the late Daniel Corey of New York City, South American correspondent for International News Service until his death.

They have six children, Bruce, Robert, Katherine, Susan, little H.W.O., and Cynthia Ann, the baby who is named for her grandmother. The general's last visit to Clermont Harbor was during the January breeze.

MR. AND MRS. WILLIAM ARTHUR HENRY
(Photo by Ed Foyard, Jr.)

Dianne Grass Becomes Bride of William Henry

Miss Dianne Geraldine Grass, daughter of Mr. and Mrs. Albert Noel Grass of Waveland, became the bride of William Arthur Henry in ceremonies at 11:30 a.m. Saturday at Our Lady of the Gulf Church. The groom is the son of Mr. and Mrs. Lawrence Arthur Henry of Mt. Morris, Mich.

Rev. Herbert H. Bardenheer, O. S. B., pastor of Annunciation Church, Bogalusa, La., performed the double ring ceremony before an altar adorned with arrangements of white gladioli.

Given in marriage by her father, the bride wore a traditional gown of white silk organza appliqued with lace, re-embroidered with seed pearls. The bodice featured a rounded décolletage and long fitted sleeves. The slim skirt was fashioned with back fullness forming a chapel train held by two organza roses. Her fingertip veil was held by a tiara of pearls and teardrops and she carried a bouquet of white roses centered with a white orchid. Her only adornment was a pair of pearls, a gift of the groom.

Attending the bride were Mrs. Louis Dietrich, matron of honor, of New Orleans; Misses Alice Banderet, Kathleen Grass of Metairie, cousin of the bride; Joyce Le Blanc, Green Cove Springs, Fla.; Mrs. Daniel Lee, and Mrs. Lawrence McHart of New Orleans, both cousins of the bride.

Best man of the bride, and Dove Commings of Mt. Morris, ushered. A reception followed at the Knights of Columbus Hall. Arrangements of white mums and gladioli were placed about the reception hall and on the bride's table which was covered with a linen, cut-work cloth. Crystal candelabras holding tapered fluted candles topped with spun sugar balls and pink rose buds.

Each of the groom wore a gown of organza trimmed with lace and purple orchid corsages.

For a short honeymoon trip along the Gulf Coast, the bride wore a two-piece limited ensemble complimented by organza accessories and a small velvet hat of the same color. Her corsage was the orchid from her bouquet. The couple left Monday for an extended trip to Michigan and after Aug. 1 will reside in Long Beach.

Numerous guests from Louisiana, Mississippi, New Jersey, Michigan and Nebraska attended, and also two guests from Hamburg, Germany, and Glasgow, Scotland.

Captain and Mrs. Ivan Bradford entertained at an after-reception supper last Friday in honor of the young couple, members of the wedding party and parents of the bride and groom attended.

Miss Judy Ann Heitzman Engaged to USAF Officer

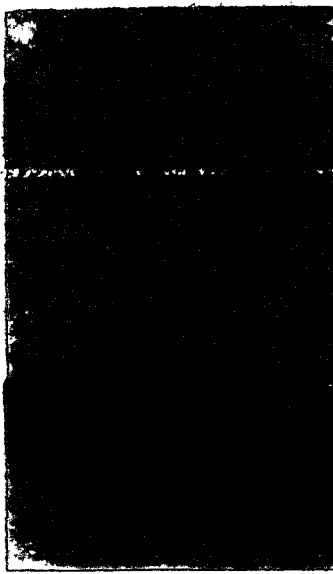

Mr. and Mrs. Edward Heitzman, Jr., announce the engagement of their daughter, Judy Ann, to Lt. James Edward Duffy, USAF, son of Mrs. Charles Kertel of Omaha, Neb.

The wedding is to be celebrated at 2 p.m. Sunday, Aug. 5, at Our Lady of the Gulf Catholic Church.

Miss Heitzman is a graduate of St. Joseph Academy.

Lt. Duffy received his diploma from South High School in Omaha and attended the University of Omaha and the University of Nebraska where he majored in mechanical engineering.

After a California honeymoon, the couple will make their home in Dayton, Ohio, where Lt. Duffy will be stationed at Wright Patterson Air Force Base.

Yes, there is a difference in milk

Borden's Milk is fresher, richer, better than required by law

Twenty-three checks for quality assure you milk that stays sweet and tastes good

All milk is good. Federal, state and city regulations specify minimum quality standards. Some brands of milk are satisfied just to meet these standards. Not so with Borden's. Our milk is the purest, best tasting milk we have learned how to produce in 105 years of dairy experience. We take extra steps to protect purity and flavor from farm to your refrigerator. Buy Borden's Milk - we believe you'll taste the difference.

Teen Times

Last week we jumped to the defense of the majority of teenagers who are not the "bad" kids of the hood. We are now forced to stress that only a few teenagers would be guilty of the "bad" things that are being reported. Boys and girls who are not the "bad" kids of the hood, we are forced to stress that only a few teenagers would be guilty of the "bad" things that are being reported. Boys and girls who are not the "bad" kids of the hood, we are forced to stress that only a few teenagers would be guilty of the "bad" things that are being reported.

But playing around with the telephone (and we were certain for months that only very small groups would waste their time) is a different matter altogether. A group in our town has been calling various services such as taxi, drug stores, wreckers, etc. and dispatching them to the homes of their victims. This is not only irritating, but could result in serious consequences—such as a crank call, or perhaps a delivery boy being out on a wild errand when someone needed a prescription urgently. These are only a few potential results, so we suggest that the boys involved in this latest series of telephone "buggings" think a little while before they act. . . you could be more than just a little sorry.

Fireworks used as weapons tossed at bystanders and into passing automobiles is an even more serious matter—one would hardly think it necessary to caution anyone over six years old as to the stupidity of such actions—yet it happened, and in Waveland, only last week! We repeat, only a very small number of boys and/or girls are responsible, but these offenses cast shadows on the reputations of all juveniles, and reflect upon their parents, whom we feel are blameless in many instances. Any boy or girl over 15 or 16 years of age should be sufficiently adult to have no part of any of these offenses and should be mature enough to discourage their companions from such actions. Let's over!

And time to mention more worthwhile pursuits of local teenagers. Gloria Lombardo is attending State 4-H Congress at Mississippi State University this week. Patsy Mont and Patsy Carlin are in addition to playing with the girls' softball team, are also the little girl's blue and white team. Patsy's reds won their game last Thursday night. Connetta, who assists at the service station finds time to play ball with the Legion team who were defeated by the girls Friday p.m. at the stadium, however the boys are showing much improvement.

Harry Develle has joined the McGill at Waveland Drug. Brother Henry and Made are working at Bob's. Harry Price is operating a stand in front of his home during the summer months, sister Charlene (well, visits anyway) helps Mary Lou Herlitz during the busy working hours.

Many local girls are taking advantage of summer sewing classes under the direction of J. E. Bravin at Bay High School. Carol Bourgeois has been appointed to remind her of the Fishing Rodeo queen. A honorary citizen of New Orleans and Baton Rouge with many gifts from local merchants, a highly complimented letter from rodeo chair Bob Rice and a large gold cup. Carol, a '62 Bay High graduate, now plans to search for a job.

Ann McCullough returned from Jackson last week—McCullough also returned from an out-of-state business trip with his father—Kissy McCullough is having such a wonderful time in Hammond, La. (Cont. on Page 6.)

Entered as second-class matter at the Post Office at Bay St. Louis, Miss. Under the Act of March 3, 1879

Finally

Yesterday the Bay's governing body adopted an emergency legislation an ordinance controlling location of house trailers. It appears to be the second step in Bay St. Louis' program for improving the town.

We would judge that the restrictions on trailers, mobile homes if you prefer, arose as a result of the anticipated population growth of the area. Our information indicates that council decided on this measure as a result of the bad experience had by other heavily infested areas.

Whether our assumptions are correct or not, it is true that mobile homes do present a problem. Regulation of conditions under which they can be used are needed.

Bay St. Louis' regulations are not extreme, although, like all regulations, they may cause hardship in a few cases.

The Echo believes that some regulation was needed and so far has no reason to think that our city went too far.

Cars and Juveniles

For several years now this country has had a program of physical fitness for our youth. The urgency of this question was grasped when such a large proportion of our teen-agers flunked physical exams for the armed forces.

At least two studies have pointed out the fact that high school students without automobiles made better grades than their counterparts whose families let them have a car. Some leading universities now prohibit their students to operate automobiles during the school year.

These facts, disjointed as they are otherwise, lead us to believe that the physical fitness and the scholastic achievement of our teen-agers would be improved if they had to walk to school, and there is no reason why a high school cannot prohibit its students from operating cars during the school year. Colleges and universities successfully do.

The lower branch of neighboring Louisiana's legislature Monday took action on a constitutional amendment that we wish we knew more about—the so-called "code of ethics" amendment.

We wish we knew more about it for two reasons: one, why did a majority vote for sin and, two what was the need of the bill. Aren't public officials in Louisiana honest?

Bawdiness in Dinner Jacket

And the stage: Bawdiness has put on a dinner jacket. The old burlesque skills that you used to be able to see at the Old Howard and the Gayety for six bits are now on display in the most lavish Broadway revues at \$8.80 a seat.

But perhaps we should be glad to settle for good old heterosexual dirt. The April issue of *Show Business, Illustrated*, quotes Dr. L. John Adkins, a New York psychotherapist, as saying that in his opinion at least 25 percent of the persons presently connected with the American theater are confirmed homosexuals.

Even the normally strong-stomached drama critics are beginning to get mad.

Howard Taubman, in a lead article in the drama section of the *New York Times*, recently wrote as follows:

"It is time to speak openly and candidly of the increasing incidence and influence of homosexuality on the New York stage. It is noticeable when a male designer dresses the girls in a sensual to make them unappealing and disheveled the boys co that more male skin is visible than art or illusion requires. It is apparent in a vagrant bit of nasty dialog thrown into a show, or in a redundant touch like two female females walking across a stage without a reason or a word of comment."

"Cultural Exchange"

What do you know about the "cultural exchange" program to which we are all involuntary contributors?

Last summer an American touring company, sponsored by the State Department and paid for by our tax dollars, presented a production of Tennessee Williams' *A Streetcar Named Desire* in Rio de Janeiro. The audience booed and whistled and where did it go? Right across the street where a Brazilian ballet company was putting on a beautiful performance for the glory of Brazil. How stupid can we be?

A second example was a touring company by William Inge, a famous English dramatist, who presented a production of *Henry VIII* in Rio de Janeiro. The audience booed and whistled and where did it go? Right across the street where a Brazilian ballet company was putting on a beautiful performance for the glory of Brazil. How stupid can we be?

on the road around the world. We are drowning our youngsters in violence, cynicism and sadism piped into the living room and even the nursery. Every Saturday evening in the Gunsmoke program Miss Kitty presides over her combination saloon and dance hall. Even the five-year-olds are beginning to wonder what's going on upstairs. The grandchildren of the kids who used to weep because The Little Match Girl froze to death now feel cheated if she isn't slugged, raped and thrown into a Bessemer converter.

New Comics 'Eros'

And there's our literature. I presume we all have our invitations to become charter subscribers of *Eros*, the new quarterly magazine of erotica at \$10 a copy. I got three invitations, so either the Addressograph was wrong or I'm considered a hot prospect.

Anyway, the publisher, Ralph Ginsburg, says this, and I quote: "Eros has been born as a result of the recent series of court decisions that have realistically interpreted America's obscenity laws and that have given to this country a new breadth of freedom of expression."

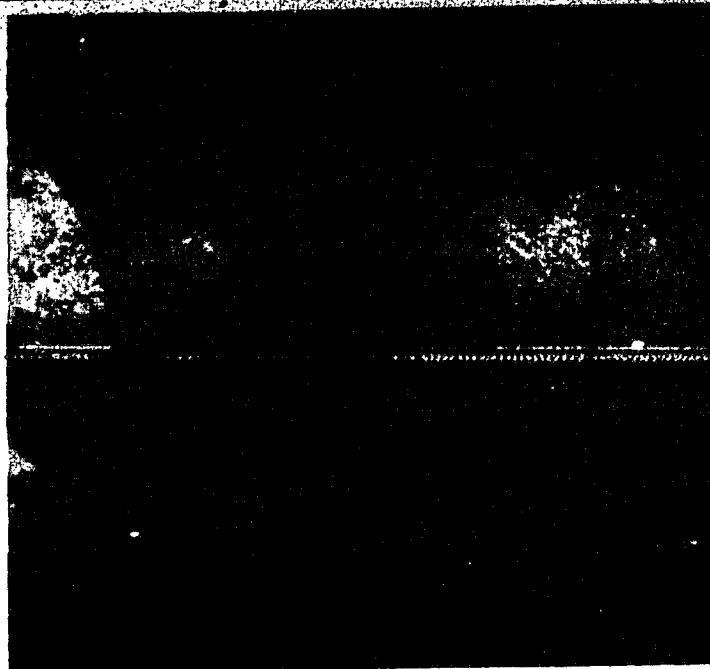

And what are the dimensions of this "breadth of freedom"? Well, we are assured that *Eros'* first issue will include an article on aphrodisiacs, a schematic drawing for a male chastity belt, a story about an old New York Jewish house where women copulated with beasts, the latest word on Havana's red light district, and the memoirs of a stripper which, it says here, "is astonishing for its matter-of-factness."

Isn't it splendid that Mr. Ginsburg stands with the frozen ghosts of Valley Forge as a fearless defender of his country's freedom? Ten dollars, please!

MORE ON DROWNING

Additional information on the drowning of Lewis L. Cuevas July 1 at Bayou La Croix, has been reported to the Echo by his widow, Cuevas, 60, was swimming with a group of friends, Charles Lewis, Sidney Charvillat, Harold Lewis, Charles Williams and Robert Hall, when the accident occurred. The dead, All dead bodies were found. All were wearing life preservers. Cuevas' body was found by a fishing boat. The bodies of the other four were found by a fishing boat. The bodies of the other four were found by a fishing boat.

ON INTERSTATE 10 - Highway Commissioner John Smith advises Mayor John Scalfie, right, W. Ray Gordon, president of the Hancock County Chamber, and Powell Glass, Jr., vice president, on the federal interstate highway system in Mississippi. He said if it could be worked out with Louisiana he might favor running "Interstate 12 from Baton Rouge to Nicholson and thence South to Interstate 10" which is planned to go through Hancock County. Apparently Interstate 10 will be built approximately along the previously planned route notwithstanding the new NASA facility in the county. Rex M. Whitton, Federal Highway Administrator, wrote NASA's Program Review and Resources Management "There was general agreement that it was not feasible to change the location of Interstate 10 to the north of the Mississippi test facility."

Legion Sparks Welcome For 134th

The 134th Transportation Co. can expect a first class welcome upon their return from Ft. Chaffee, Ark., early in August, John D. Rutherford, co-chairman of the American Legion's Welcome Home Committee, announced Monday.

Organized by Clement R. Boncompagni Post 139, Fred Fayard will head the committee which plans a parade and all the trimmings, pending a report on the return date of the outfit, Rutherford said. Civic groups and organizations are asked to join the Legionnaires, and the Jaycees, who have volunteered their aid, in carrying out the welcome celebration. Further information may be obtained from Fayard or Rutherford.

Legionnaire committee members include Russell Elliott, Joseph Benveniste, Jr., and Mayor John A. Scalfie.

By Gone Days

25 YEARS AGO
July 9, 1957 - The long-delayed and badly-needed fish hatchery for South Mississippi has at last been assured. The most probable location is at Lyman and work is expected to start in the near future.

10 YEARS AGO
July 11, 1952 - The bravery of Robert Cumberland, a New Orleans truck driver, saved the Bay bridge from fire again when, rather than leap to safety, he speedily drove his flaming truck to the Henderson Point end of the bridge. The truck had caught on fire while Cumberland was driving across the heavily-populated bridge.

Bay Phones ...

(Cont. from Page 1.)

1. First dial the directing code "11". This activates the long distance dialing equipment.

2. Then dial the three number code for the area in which the person you are calling lives. The area code for San Francisco is 415, Idaho 203 and South Louisiana 504.

3. Finally, dial the two letters and five numerals or seven numerals of the telephone you are calling. (When calls are made from Bay St. Louis to points within the state of Mississippi, it will not be necessary to dial the area code. Just dial (1) and the person's telephone number.)

The operator still plays an important role in the DDD program. There are approximately 60 million telephones in the United States and Canada today, and human operators alone cannot hope to cope with the more than 3,000,000 long distance calls that go humming over the wires every day.

at a cost of more than half a million dollars. Figure is \$523,000. Two of the tracts contain 46 acres in the easement zone. Negotiations are in progress with 64 other property owners with a total of \$1,375,700 involved in the transactions.

Less than 10 owners in the fee area have yet to be reached, he said, among them International Paper Co., which holds some 85 per cent of the land.

Sales were closed during the week with Keith R. Fairley, 24 acres at \$5,000; Charles Pope, 17 acres at \$450; Walter Brunner, 22 acres at \$8,675; Charles M. Holcomb, 16 acres at \$8,000, and Valney H. Post, 18 acres at \$1,500.

The project manager said Leon Rogers, special appraiser sent in to recheck figures in the easement area, is still on that task while there has been no word coming to the corps about a personal representative U. S. Sen. John Stennis has reportedly said he will ask to look over the situation after complaints over prices from some of the property owners. One source said a former state treasurer would be assigned the job.

Memphis L. Col. Carroll H. Wood has been named assistant district engineer of the five-state district of Mobile which is busy administering a large military construction project for the Army and Air Force including the Hancock County test site.

ENSIGN AND MRS. RICHARD LARRY TAYLOR

Taylor-Ladner Nuptials Said at Dedeaux Church

Sacred Heart Catholic Church, Dadeaux, was the scene at 2 p.m. Saturday of the wedding of Miss Diana Elaine Ladner, daughter of Rep. and Mrs. Clarence M. Ladner of Dadeaux to Ensign, Richard Larry Taylor, son of Mr. and Mrs. William D. Taylor of Jackson, Rev. Lucy Green performed the double ring ceremony before a candlelit altar banked with arrangements of white gladioli.

Escorted by her father, the bride wore a white tulle gown of white nylon organza. Fashioned with a portrait neckline and a full skirt, the gown featured an overskirt of silk embroidered with satin flowers creating a delicate scalloped lace effect. Her veil of silk illusion was held by a diadem of seed pearls and she carried a bouquet of white feathered carnations.

Miss Marilyn Ladner of Pass Christian, maid of honor and only attendant to the bride wore a short frock in a pastel shade of blue, fashioned with a white embroidered overblouse. Her headpiece was a coronet of white flowers and she carried a bouquet of blue carnations.

Ensign Taylor's best man was Brakine Harrell of Camp Polk, La. Clarence Ladner, brother of the bride, and Royce Ladner, her uncle, were ushers.

A reception at the home of the bride's parents followed. Arrangements of white gladioli and ferns stood in the reception hall, and similar arrangements were used about the bride's table which was covered with a white lace cloth. A four-tiered wedding cake surrounded by sprays of lily-of-the-valley and fern centered the bride's table and silver candelabras holding white tapered candles completed the appointments.

The mother of the bride was seated in a beige sheath with white accessories. The groom's mother was in a blue lace sheath and matching accessories.

For a wedding trip to the Smoky Mountains, the bride chose a two piece beige ensemble complimented by green accessories.

WHEREAS, on the 20th day of May, 1960, David Lloyd Shadling executed a deed of trust to Azoline F. Thian, Trustee, to secure an indebtedness therein mentioned to Pedro Luis Rivera, which deed of trust is duly recorded in Book 81, pages 101-02, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi; and

WHEREAS, by instrument dated February 27, 1962, and recorded in Book 89, page 354, said mortgage and deed of trust records, the said Pedro Luis Rivera, by virtue of authority granted in said deed of trust, did appoint and substitute Dan M. Russell, Jr., as Trustee in-

stead of said Azoline F. Thian, and

WHEREAS, default having been made in the payment of said indebtedness, and the said Pedro Luis Rivera, the legal holder of said indebtedness, having requested the undersigned Substituted Trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;

NOW, THEREFORE, I will, on the 7th day of August, 1962, with legal notice, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Court House in Bay St. Louis, Mississippi, the property covered by said deed of trust, which property is located in Hancock County, Mississippi, and described as follows, to-wit:

Beginning at the Southwest corner of the NW 1/4 of the SE 1/4 of Section 34, Tp. 8 S., R. 16 West; thence North 637 feet to a point; thence East 280 feet to a point; thence South 487 feet to a stake; thence N. 87 degrees 30' E. 266 feet to a stake; thence South 150 feet, more or less, to a stake on the North side of the Public Road; thence Westerly 546 feet to the place of beginning; said land containing 5 acres, more or less, and being part of the NW 1/4 of SE 1/4 of Section 34, Tp. 8 S., R. 16 West, Hancock County, Mississippi.

Said conveyance shall include 1/2 of all mineral rights. I will convey only such title as is vested in me, as Substituted Trustee.

ADVERTISED, POSTED and DATED, this 9th day of July, A. D., 1962.

DAN M. RUSSELL, Jr. Substituted Trustee 7/12, 7/19, 7/26, 8/2

Polly At Waveland

After a splendid celebration to one and all for having enjoyed a safe, sane and relatively sober Independence Day, we went to bring up a subject upon which we've received a number of phone calls and several letters. It's the desirability and necessity of organizing a Golden Age Club for the enjoyment of the many retired couples, widows and widowers in our midst. Teen-age Clubs and Youth Centers are fine, but face it, few adolescents are over adolescent any more, and even fewer are in the least introverted—in short, they'll get around one way or another. When mature people settle in a community, it's more difficult for them to become acquainted with others with whom they would undoubtedly share common interests. As we blissfully type the above our wee brain is turning over a number of possibilities as to how such a club might be begun—first there is the problem of a meeting place. We're certain that almost any local organization would lend a hall one night a week for initial meetings. Sooooo, will some club president come forth with an offer??? Now we need a general chairman??? Who'll volunteer as sort of a temporary organizer pending a formal election of officers??? Of course there will be a need for sub-committee heads—some will be interested in bowling, others gardening or perhaps fishing—then dancing and card groups could be a pleasant way to pass away otherwise dull evenings. Here we go sticking our neck out—as things are now, if every day had at least eight extra hours we could possibly get about half through duties ahead, but what the heck??? If you want a Golden Age Club, get started with letters enclosing your name, address and phone number, these we'll forward to our first volunteer chairman along with the name of a, we hope, generously offered meeting hall—just address all communications to Polly Pearce, Sea Coast Echo, Box 250, Bay St. Louis.

We're happy to report a happy ending to our homeless mamma dog and puppy tale. Mrs. McKean's plea for a home from Beauty brought forth an almost immediate call from Mrs. Oren Seal. . . we in turn passed on her phone number to Mrs. McKean's daughter, Mrs. Otis Bounds, who informed us that she had homes for the puppies but would call Mrs. Seal regarding the mother dog. Now if we could just come up with kitten frenders with such good, kind and generous hearts!

Bay Side of the News

So happy to hear that our good buddy Douglas Bourgeois is getting stronger daily. Al Sunny and Buddy Hawn will probably have the "The Bye of the Needle" spinning—they left for Seattle and the World's Fair last Friday. Rose and John Rutherford's departure for the annual Legion convention in Biloxi was delayed when daughter Jan suffered a broken foot just as they were leaving—but were persuaded to attend as planned as her condition was satisfactory. Gloria Reimke was released from Ochser's just in time for husband Red to take her to the convention. Sympathy is extended to Clara Samsen upon the death of her mother, Mrs. J. R. Borris, who passed away in New Orleans last Tuesday.

Mamuel Maurigi is justifiably proud of his wife who received word Tuesday that she passed her state board examination and is entitled to wear a Licensed Practical Nurse pin. Mr. and Mrs. Maurigi went to Jackson June 6 where she took the exam the following day. She is now caring for patients at Hancock General Hospital.

Betty and Ida Mae Earheart of New Orleans are visiting their grandparents, Mr. and Mrs. J. S. Dailley at their Carroll Avenue home.

Pretty Dianne Horgan and fiancée Al Pike, III, of New Orleans were guests of her aunt, "Bootsie" Wolfe on Sunday.

Hope you're feeling much soon "Uncle" Jules Favre. . . he's a patient in Hancock General and as he has so many friends we feel we should add that his doctor is limiting visitors as he needs rest and quiet for a speedy recovery.

Get well wishes to Jane Mollere who entered Hancock General for major surgery Monday. Also to the two youngest Trellees who have throat infections.

Isobel and Ed Carrio left for their Long Island home Tuesday after visiting her uncle, Roger Bordages at his Waveland Avenue home.

Happy birthday greetings to Mrs. W. W. Carter who was honored at a party hosted by Mr. and Mrs. N. L. Carter at their Beach Blvd. home Saturday night.

Alaska Voyager

Miss Rita Cue returned from Anchorage, Alaska, with fabulous tales of her recent visit. She accompanied Mr. and Mrs. Joe Cipriano of New Orleans and all were guests of Col. and Mrs. Noel Cipriano and children, Cathy, Noel and Billy. They enjoyed a fishing expedition in the Bering Sea bringing home a large catch of salmon and other fish alien to our waters. En route home they visited another son, Maj. Joe Cipriano, in Seattle, Wash. where they naturally took in the Fair.

Mr. and Mrs. Leon Pruitt and Misses Florence, Frances and Dorothy Bourgeois all of Mobile, Ala., were fourth of July guests of Mr. and Mrs. Jimmie McPhee. Mrs. Pruitt is the former Jimmie Bea McPhee.

Mr. and Mrs. John Moore and family are enjoying their Harriet Drive home. . . the Harry Hines are vacationing at their summer residence on Coleman Avenue. Julia and Clarence Duvelkies are with us once more—or at least were here for the dedication of Elwood Park last Sunday.

Blonde Dianne Grass was a lovely bride as she and Bill Henry were wed at Our Lady of the Gulf Church Saturday. Neither Lillian or Al Grass appeared to be old enough to have a marriageable daughter as they greeted guests at the reception following the wedding at the KC Hall.

Golden Anniversary Time

Mr. and Mrs. Ben F. Lee made a handsome couple as they received congratulations of friends and relatives on their golden wedding anniversary July 8. Their Leavenworth home was aglow with arrangements of yellow mums and gladioli; an enormous five tiered white cake trimmed with yellow roses and golden punch were served the guests. The Lees were wed in Caesar's July 8, 1912, by a Baptist minister who heard the vows while the bride and groom were seated in a horse drawn buggy. Two of the Lees' three children were present, Mrs. Edward Lemere an adopted daughter and Kenneth, the older son. Gerald K. Lee, who makes his home in Santa Ana, Calif., was unable to attend, but sent his parents an exquisite silver service. Among those from the Coast present were Betty and Gerald Kennedy, Mr. and Mrs. Dudley Andry and Ruby and Forrest Ne-talse.

Sunday was quite a day for anniversaries. Mr. and Mrs. Sylvester LaFontaine, who were wed in Bay St. Louis 50 years ago, renewed their vows at St. John's Catholic Church, Lakeshore, at 2 p.m. The Civic Hall was decorated with wedding bells, a profusion of flowers. The LaFontaines greeted guests before white draperies festooned with flowers and ferns at the large reception following the ceremony. The golden wedding cake was flanked with arrangements of yellow mums. Cake, punch, finger sandwiches and a variety of beverages were served. The LaFontaines' five living children were present, two sons, Monroe and Gerald and three daughters, Mrs. May Loran, Mrs. Geraldine Ingalls, all of Lakeshore, and Mrs. Lynn Rutherford of Bay St. Louis. There were two other sons; Russell who was killed in service and Rupert who lost his life in an accident. Monroe and wife Ruth had double cause for celebration—

TOGETHER HALF A CENTURY -- Celebrating an elaborate golden anniversary cake are Mr. and Mrs. Ben F. Lee who celebrated at their Leavenworth home July 8.

their only daughter, Gloria, and husband Marvin Mays arrived from Florida where he is stationed with the Air Force, for the occasion. Gloria and Marvin are expecting their first child and Ruth and Monroe will no doubt be the proudest grandparents anywhere. A lively band furnished music for dancing. . . couldn't possibly list all of the guests but came of those present were the Torado sisters, Conzelmo and Jemma, Ella Roe and Ray Garwood, Mr. and Mrs. Billy Osbourne, the Steeter Sisters, George Gandy, "Uncle" Joe Yarbrough, Charlie Carver, Norman Bendigo, Sam Berdages, Myrtis and Melvin McCordle, and so on and on.

Belle and Charlie Peterson were completely surprised when Grace Bordages and Elaine Davis honored them with a party at the Lakeshore Country Club Sunday night. White and silver were used in decorations and the lovely cake was topped with silver bells around which many lovely gifts were arranged. Their 25th anniversary is actually July 10 but many friends from New Orleans could only attend on the weekend. The occasion was made more joyful by the presence of Belle's daughter, Margie (Mrs. Jimmy) White of Houston, Texas, and Charlie's two sons, Everett of Bay St. Louis and wife Bertha, and Melvin of New Orleans.

Before There Was Electricity

As the circumstances under which we find ourselves continuing these ramblings are somewhat more than unique, a few comments are in order. Due to circumstances beyond our control (and obviously beyond that of the local power and light company), visibility is limited to about six or eight inches. In short we are substituting a rather filthy, seldom used kerosene lamp for the usual 150-watt bulb, and Abe Lincoln no doubt was more handicapped when reading by open "fate light", but he wasn't accustomed to any other facility—at least we've discovered we can still use the touch system. . . so any errors we'll blame on the fact that even moles can see better than we could reporter at the moment.

Complaint of the Week

Double trouble again: First a resident of Beach Blvd. states that normally he has no serious objections to the amount of tax dollars he shells out yearly — but for one solid week "nary" a breeze has cooled his fevered brow—he thinks either the city fathers should remedy the situation or lower taxes. Another Waveland writes a reminder. . . the usual summer rash of stray dogs has broken out. . . and dogs sans owners are inevitably sans rabies shots. . . she adds that an unvaccinated dog bites just as painfully and frequently as one who has taken its yearly injection.

Dr. Ruby Pink and daughter Cynthia of Eunice, La., were guests of Ann Langley and sons, Gil and Roland last Thursday.

Happy to report that the Ruhrs have added final touches to the Hayes' Marcus Drive home.

On the Avenue

Russell Alba, so surprised at the unusually large crowd on the street, he wasn't buying one child the inevitable ice cream cone he dispenses so generously. Mrs. Carl Carter, equipped with one of her usual clever trinkets—this one a coffee grinder; Betty Ruhr sporting a natty grey uniform, the new attire for female employees of the sheriff's office; Claire Bourgeois describing her newest grandchild, Linda and Freddie's first; Harold Hicks having time keeping problems, and at least ten thousand weekenders, many of whose faces we recognize, but names we know not.

SIGHTS AND SOUNDS ALONG THE WAY — A small boy and his puppy blissfully sharing bright green inner tube; gay groups of picnickers — some even camping beneath the large oaks on Lakeshore Road on the Fourth; yellow, orange and red zinnias, heads drooping beneath the burning glare of the mid-day sun, and the rustle of leaves dried out by some as they are tossed about by a vagrant and all too rare breeze.

where she's a guest of the Morrisons, she's reluctant to return to Waveland—Ann Bryant is visiting friends in Memphis, Tenn.

Louise Burkin had as her guest for the Fourth Betsy Tomlinson of Jackson. The girls met at Girls' State.

Airman Larry Sauer, who is stationed at Keesler Field, spent the holidays with his parents and sisters, Phyllis and Christine.

Dianne Hunter's most important birthday gift is to be a lovely ruby and diamond ring when she celebrates next week.

We must hold an election to decide who's in line for Johnny Kramer's title "Casanova" he's dedicated in order to go steady with pretty Melva Luke just about the time the honor was bestowed upon him.

Jimmy Giametta was awfully anxious to assist in a photographic assignment Friday last—we doubt that the attraction was a ball game—he's quite a fan, true, but umpiring girl's games should be enough of that sport. Could have been another reason????

Diane Robicheaux, formerly of Little Rock, Ark., who now makes her home in New Orleans, spent the weekend with her cousin, Sharon Piazza.

Richard Collier who is visiting his cousin, Rod Villare, is assisting him in his daily patrol of Elwood Park. The boys extinguished a blaze which someone had begun in one of the large trees in the park on the Fourth.

Harbor Happenings

BY RAE COPE

HO-7-5897

A safe and sane Fourth of July was observed by the Harvard Burleighs and their house guests of several days. Tall, dignified Mayor Percy LeDeaux and Mrs. LeDeaux of Opelousas contributed much to the pleasure of the cruise aboard the yacht Mestayer which Harvard skippered around to the various fishing spots such as St. Joe, Grassy and Half Moon Island. The mayor just happened to have his accordion along and accompanied his attractive wife when she sang several French songs; the patriotic and folk songs had every one joining in and the smooth deck furnished nice dancing space. Other guests during the week were Mrs. Murphy Sommer, Mr. and Mrs. Louis Dufflo and Mr. and Mrs. Otis Dimmick of Opelousas. Monday guests were Mr. and Mrs. Joe Stelly and daughter, Jo Lynn, of Baton Rouge. The Joe Dimmicks of Opelousas dropped in for a couple of days visit while on their way to Delaware and New Jersey on vacation.

Back on States Side

Mrs. Vivienne Simms' son-in-law and daughter, Maj. and Mrs. R. A. Cushing, returned to the states June 26 after a three-year tour of duty in West Germany. Mrs. Cushing with their three daughters emplaced for N. O. where they paid a brief visit to the major's family. In Germany they equipped the station wagon with camping gear expecting the major and their four sons to make the trip South a leisurely one, stopping at national parks along the way, but official orders brought a change of plans and they hurried South that he might be at a Georgia base on a certain date to avoid further orders.

Twenty-fifth wedding anniversary balls rang a little early for the Charlie Petersons when scores of friends gave them a surprise party Sunday night at the Bortages Country Club. It was a wonderful party with lots of good wishes, good food, music and dancing till the wee morning hours. The date is really the 10th - Happy anniversary Belle and Charlie, Mrs. John Bonnacarrere is in town with daughter Frances and granddaughter Ann, renewing friendships made while they were residents here.

Readers, Take Note

There was a lovely lawn party in progress in the shade of the trees where cool breezes swayed the foliage at the second house from the beach on Ibor Blvd. the other afternoon, but of course this reporter couldn't go barging in to get particulars—wish they and others having fun would use the phone number at the top of this column so we could write interesting notes in Harbor Happenings. The Frendergasts, the Querrins, and others please note.

Rae Rasmussen is so happy to be driving her car again after the long of inactivity with both arms in casts, she is valuable with words of appreciation for the kind and thoughtful attentions of her friends. She says she will never forget the many trips Nattie Burleigh took her to the hospital, the doctor's office, the market; even her vet patients turned to and helped in many ways; Mabel Brown added to her well being and boosted her morale with frequent hair-dos, and she adds she has never seen a better operated hospital, better personnel or care of patients than those she encountered at our own Hancock General. Words of gratitude and praise are not found very often these days.

Cake And Candles

Light up the cake with candles for those born under the sign of Leo. They usually are possessed of good looks and high intelligence, and can be found in positions of trust and executive ability. Celebrating during July are Fred Burson, Jr., his sister Judy on the 3; Ann Cabarjal the 9th; Hal Becker the 12th; Mrs. George Rannik the 13th; Mrs. Martha Curtis the 16th; Rosine and husband George Curry usually celebrate jointly around the 23rd; the Frank Kleins have a 40th, the ruby anniversary coming up on the 13th; Pat Brown and Harvard Burleigh blow out the candles on the 27th. Congratulations to all.

Mr. and Mrs. Charles Rood of N. O. were weekend guests of her parents the Horace Johnsons. Brenda Ann Williams, visiting grandmother, Mrs. A. Garcia for two weeks was taken home Friday by her parents, the I. Williams of Plaquemines, over for the day. John V. Peterson aboard the USS Carrier Independence in Greece, after a tour of duty in France and Italy, is expected back in Florida in September.

Pat Becker wife of Louise Charbonnet's son Hal, found 400 other applicants waiting for interviews when she answered CBS tv invitations to audition as panelist on their national hook-up show Password coming out of New York on CBS Tuesday nights. She was chosen along with Carol Channing, James Mason and one other. The show was taped July 19, she was at home in n. o. with family and friends and saw it over Channel 4, after which she received a call from the local studio to appear in person on Wednesday night and tell of her experience in taping the show.

Buquoi Wins Two Pistol Match Prizes

Boatswain's mate Fabien E. Buquoi, Jr., USCG, of Bay St. Louis, was the recipient of two second place awards in the Independence Day Pistol Tournament in New Orleans July 7-8. A member of the Coast Guard Pistol Team in New Orleans, where he is presently stationed, Buquoi captured awards in the National Match Course, center fire in the Marksmen class with a .45 calibre pistol and in the .22 calibre National Course Marksmen class.

Jerome's Loses 2 Games

Moran's Drop Extra Inning Tilt to OLG

Our Lady of the Gulf used terrific long-ball power in sweeping to two more women's softball league victories last week while their nearest challenger, Jerome's, dropped two outings in as many starts.

Sunday night in the opener of a doubleheader, a greatly improved Moran's team lost a heart-breaking extra inning contest to undefeated OLG 10-9. Yvonne Artigues and Pat Kelly blasted long home runs to pace the OLG batting attack while Dale Sellier pitched the distance. The score was deadlocked after the regulation six innings and OLG pushed across their winning marker in the seventh frame. Maria Pierce was the losing moundman.

Sunday's nightcap found Mollere's Realty upsetting Jerome's 15-7 behind the steady pitching of Carol Damians. The game's only home run was hit by Pavolini for Mollere's. Beth Poolson was charged with the pitching defeat.

Moran's, without a victory this year, pulled off the biggest upset of the season Thursday night in the first inning and did it in convincing fashion when

they blasted Jerome's 12-3. Maria Pierce hurled the route for the victors and Beth Poolson took the defeat.

OLG used a barrage of long hits in trouncing Moran's 16-10 in the second contest. Faye Monti hit two round trippers and Mary Allen and Rhonda Osborne both socked one four-base blow. Dale Sellier again won on the mound with Carol Damians the loser.

OLG continues to lead the loop by a large margin and will try to protect their undefeated record against Jerome's in the opening game of tonight's doubleheader. Mollere's Realty and Moran's will battle in the second contest, and all four squads will see action in another twin-bill Sunday night. The first game both nights will begin at 8 p.m.

Pas Jr. Legion 9 Blasts Winless Bay

Down by eight runs before they even got to bat, the Bay St. Louis American Legion junior baseball team lost 15-3 to Pascagoula Friday afternoon at St. Stanislaus Stadium in a District Eight game.

Pascagoula, tied for the league lead in the five-team district race, jumped on Bay southpaw Curtis Mathern for eight runs in the top of the first and added five more in the second before the locals could push across a single marker in their half of the second frame. Both squads scored their final two runs in the fifth

inning. Mathern allowed 14 hits and was charged with the pitching defeat for Bay St. Louis. Wallace Cunningham and Larry Winstead combined to hurl two-hit ball for the winners.

After an off date Monday, the local nine returned to action yesterday against Gulfport and will play their final home game of the '62 campaign Friday against Biloxi. Monday, Coach Gena Tarzetti's team travels to Piquette and Wednesday the season ends with a road engagement with Pascagoula.

BALL, HIGH! - Bay St. Louis first-baseman Richard Schaefer watches a high pitch go by during Friday's American Legion junior baseball game with Pascagoula. The local nine dropped a 15-3 decision. Umpiring is Jack Ladner.

YC Lead Stretched To 3 on Noto Homer

Gary Noto's home run over the centerfielder's head gave Youth Center a 2-1 victory over Fahey Drug Tuesday night, to increase their lead in Pony League play to three games. Sammy Signs, in the opener of the night's doubleheader, knocked off the shuffling Sea Coast Echo Scoops 5-2.

Noto's blast spoiled a fine pitching job by Fahey's Mike Strong, but Youth Center's Johnny Jameson, a surprise pitching starter, turned in an equally good performance. Fahey had taken a 1-0 lead in the second when left-fielder Jerry Thomas scored from third-base on a wild pitch but Youth Center tied the count in the third. Joe Ziegler was hit by a pitched ball, stole third, and scored when third-baseman Leslie Blizze's slow grounder went through pitcher Strong, the second-baseman, and the shortstop.

With the game tied at 1-1 and two down in the last of the fourth, Noto broke the deadlock with a long drive that the center-fielder, although playing deep and running back as fast as possible, couldn't reach.

Jameson settled down to pitch a fine ball game, Noto and Danny Kramky have been doing most of the hurrying for Youth Center

but manager Harold Kramky elected to start Jameson and he came through, returning the last eight men he faced. Strong also pitched beautifully. In the second with a man on second, he struck out the side as well as in the third.

Sammy Signs's Bruce Cox turned in a good pitching show in the first game and his teammates scored four times in the first inning to give him all the help he needed.

Sammy scored in the first on a double by Stevie Kidd, a single by Ned Heath, four walks, and errors, and added an insurance run in the fourth when Heath came around to score on an error. The Scoops' two runs came in the last of the fourth on an error, a walk, and a single to left by Jimmy Loiscano, the only hit of the night off Cox.

Cox was the winning pitcher and Chuck Wagner was charged with the defeat.

In the only other Pony League game last week, Youth Center scored a 4-3 victory over Fahey Drug Thursday. Noto was the winning pitcher, Strong the loser. Highlight was a home run by Fahey's Walter Gagnon which hit the fence in very deep left-

Bosworth Captures GP-14 in Race Week

Bill Bosworth of Bay St. Louis won the GP-14 division of the Mississippi Coast Yachting Assn. Race Week Wednesday when he captured the trophy against her up-held. Winners were announced Wednesday in eight classes of the regatta, concluding the busiest five-day racing period in the history of Bay-Waveland Yacht Club.

Bosworth scored 61 1/2 points and Ellen McDonald 61 1/4 in the GP-14 division, the most hotly-contested of the events. Topper Thompson and Basil Kennedy, also from Bay-Waveland, were third and fourth for the five-race series.

Two local skippers finished high in the sunfish division. Norman Lamb wound up second and Linda Hamilton third as Biloxi's James Edwards barely won the trophy after going into Wednesday's final race tied with Lamb.

Ed Hobson won the dragon division while local skipper Jay Clark finished third. Hobson won four of the five dragon races. C. A. Spurl, Jr., won the L-16 class with 14 1/2 points, just edging Arthur Seaver with 14 1/4 points. Connie Killeen won the L-14 division.

In another close series, the lightning class, Alan Arnold finished high in every race to edge Kelly Kane for first by less than one point. Pass Christian's Mike Pickich was an easy victor in the windmill class.

In the three-race penguin series, Cyril Laan of Southern Yacht Club in New Orleans was the winner, edging another SYC member, skipperette Sparky Graham, for first place. Laan scored 23 1/4 points and Sparky totaled 21 1/4.

Harry Wittmann of Pass Christian won the expert class race of the Bay-Waveland Invitational Regatta for fishboats Wednesday. New Orleans Yacht Club and Gulfport Yacht Club and were second and third. Bay-Waveland's Betty Gordon won the skipperette race Tuesday and Pass Christian's Mike Pickich won the fishboat race Wednesday.

Krankey In Upset Of Year

Krankey's pulled the upset of the year Friday night in the Bay Softball League when they bombed second-place Reink's 24-14 in the second game of a double-header. The win was the first in nine tries for Krankey's this season.

Clifford Vogt's heavy hitting played a big part in Krankey's win. Vogt collected four hits in five trips to the plate, included in the safe blows were two homers, each with a man on base. Several other players had three hits for the winners who as a team banged out 22 base knocks. The Dirt Dobbers also hit well, with Buddy Pitalo and Gene Tarzetti each going 4-4 at the plate. Reink's ended the night with 19 hits.

Billy McDonald was the winning hurler while Billy Osborne was charged with the defeat. In Friday's first game, Industrial Electric continued to look good in whipping Roland Signs 8-5. Gus Aime did the pitching for Industrial and Budie Wilson hurled for Roland Signs.

Monday's games were postponed because of rain and wind and will be played at a later date while those scheduled July 4 were reset for July 17.

Southern Realty continues to hold down first place in the loop, boasting a spotless 8-0 chart. Industrial Electric's win over Roland Signs coupled with the Reink's defeat has pushed Industrial to a second place tie with the Dirt Dobbers - both have a 5-3 slate.

Friday, the Bay KC's play Krankey's in the first game and Kilm and Reink's meet in the finale. Monday, it's Industrial Electric vs. Southern Realty in what should be the game of the week and Roland's vs. Trapani's.

AT DEDICATION - Waveland Mayor Garfield Lader presents runner-up trophy to Industrial Electric softball team following the completion of Elwood Park Tournament last Sunday. Holding the first-place trophy is Donald Caldwell of Southern Realty, winners over Industrial in the finals.

In Little League Electric Smothers Pennies

Coast Electric, the highest-scoring Little League team, blasted 18 hits, a league season high, and trounced Merchants Bank 28-6 Tuesday afternoon in the second game of a doubleheader. Industrial Electric edged Cue Oil 4-2 in the opener.

The Electric-Kids scored seven in the first, 11 in the second, four in the third, and six in the fourth to slaughter the Little Pennies. Four home runs were included in the parade of hits—Jay Warner had two homers and a single, Davy Compreta hit a homer, double, and single, Ronnie Genin blasted three singles and a four-base hit, and Carl Santinelli collected three singles to lead the way. Steve Smith rapped a triple and a single for Merchants.

Industrial Electric made three first-inning runs stand up for victory over Cue Oil. Helms was 2-3 for the winners with a single and triple, and T. Barnett had a 1-1 day at the plate. Cue Oil scored in the first on successive singles by Donnie Caldwell, Davy Joe Kidd and White, and added another in the second when Gus Collier singled and scored on an error. Shy was the winning pitcher, Kidd the loser.

Monday night, undefeated 7-Up battled to a 5-5 tie with the Junior Sheriffs, the most improved squad in the league, and the game will be replayed. Sylvan Lader led the Sheriffs with the stick, boasting two triples, while Jackie Strong, Anthony Lader, and Martin hit safely for 7-Up.

Monday's other contest saw Don Lader pitch a three-hit shutout as Ken's Little Diggers blanked Gulf Coast Express 6-0. Larry Gagnon provided Lader with good batting support, collecting two singles, while T. Waite had two hits and losing moundsman Mike Benigno one hit for Gulf Coast Express.

In Friday night's twin-bill, Cue Oil downed Merchants Bank 9-3 after Industrial Electric had trounced Gulf Coast Express 13-4. Last Tuesday, Sylvan Lader bested Larry Gagnon in a pitchers' battle as the Junior Sheriffs edged Ken's 2-1. 7-Up's Anthony Lader pitched his team to a 6-4 win over the Electric-Kids in Tuesday's other contest.

Through July 10, 7-Up leads the league with a 7-0 record. The Little Diggers are 7-2, Junior Sheriffs 5-3, and Coast Electric 4-4.

Elwood Park Dedicated In Waveland on Sunday

Elwood F. Bourgeois Memorial Park, Waveland, was formally dedicated in brief but impressive ceremonies July 1.

Among those participating were Mayor Garfield Lader, Rev. John O'Brien, pastor of St. Clare's parish, Rev. Frank M. Maples, pastor of Waveland Methodist Church, N. L. Carter, master of ceremonies, and members of the American Legion, including commander-elect Joseph H. Benvenutti, Jr., Russell Elliott, Sidney Bourgeois and Sheriff Gerald V. Price.

Opening remarks, the invocation and welcoming address were followed by raising of the flag presented by Mrs. Stanley Bourgeois in memory of her late husband, accompanied by selections by the Kessler Air Force Base band.

Also on hand were members of the park committee, Mesdames Herman Mazarakis, Fred Bourgeois and Winthrop Baker, chairman, who expressed her appreciation to the entire community for its assistance and cooperation.

Caroline Bourgeois of Waveland, queen of the Gulf Coast Deep Sea Fishing Rodeo was introduced and presented gift certificates and cash donations from local merchants.

Highlighting the ceremonies was the dedication speech made by Russell Elliott in which he eulogized Elwood F. Bourgeois, World War II casualty, for whom the park was named, and also mentioned Mrs. Thomas Bourgeois's six other sons, all deceased veterans.

Elliott presented Mrs. Charles Richard, sister of Elwood Bourgeois, with a sterling and gold pin in the absence of her mother.

Loup's Win First of Season

Loup Palmers Reds won their first game of the season Thursday night over the Industrial Electric Blues 6-2, but the Blues came back Sunday to build their opponents 17-7 with a heavy hitting attack in the Girls' Little League.

Sunday's game found the Blues in complete control, taking a 16-0 lead before Reds broke the scoring tie. The Blues scored seven times in the first, added four in the second, totaled five runs in the third, and chalked up a final marker in the fourth and final frame. Loup's scored their first run in the third and tallied six times in the fourth.

PRJC Commuter Bus Service Slated to Bay

Pearl River Junior College will furnish commuter bus service this fall for Hancock County pupils who prefer to live at home while attending classes at the Poplarville institution.

Beginning Monday, Sept. 3, a bus will leave daily from Bay High School at 7 a.m., going to Kila, North Central and thence to Poplarville by way of Sleep Hollow and Savannah, arriving at the college at 8:10. It will leave the school at 4:05 p.m. to return by the same route and is due at Bay High at 5:15 p.m.

College authorities said this schedule will permit a student to carry a full academic load. There will be a \$4 charge for bus service. Only other cost is the \$30 semester matriculation fee.

Marsha Compreta blasted a home run and a single to aid the winning cause. Sharon Poolson and Anne Perkins both collected two singles and a double in four official batters while M. Carlsy was also 3-4, all singles. Margaret Middleton and Red Smith both hit round trippers for the Reds and each added a single, and Sandra Gayant also had two safe hits.

Anne Perkins went the distance on the mound for Industrial to gain credit for the pitching win. Debbie Weidmann was the loser.

Thursday night, the Reds played their best game of the season, taking a 4-0 lead and never trailing. The Blues scored a run in the second and added another in the fourth, the Reds scoring their other two runs in the third.

Debbie Weidmann was 1-1 with the stick for the winners, while Mary Jo Jacobi collected a hit in her only official at-bat for the Blues.

The teams are scheduled to play again at 6:30 p.m. today and Sunday. The Blues have now won three games, the Reds have taken one contest, and another was a tie.
